

1           **A.**      Yes.

2 Q. -- to somebody else?

3           **A.**       Yes.

4 Q. Okay. But they would -- but your testimony today is  
5 that they would not talk to other people or respond to  
6 messages?

7           **A.**     Not to my knowledge.

8 MR. JOY: I may be done, Your Honor, if I could  
9 just have a moment.

10 THE COURT: All right.

11 (Pause)

12 BY MR. JOY:

13 Q. As part of using Snapchat for the past several years,  
14 you would know how to block somebody, correct?

15 | A. Yes.

16 Q. If you block somebody they would not be able to come  
17 back on your Snapchat, correct?

18           **A.**    Unless I unblock them, no.

19 Q. Unless you unblock them, correct?

20 | A. Yes.

21 Q. And then if you opened another Snapchat account they  
22 would not be able to come back on your Snapchat on a new  
23 Snapchat account if you once again added them as a friend,  
24 correct -- or accepted them as a friend, correct?

25 | A. Yes.

1       **Q.**    Let's go on to Exhibit 13. Now, this is -- so, it  
2        looks like it probably was about anal because your next  
3        message to her was, but I warn you, I might be a little bit

5       **A.**    Oh, yeah. That was supposed to be a joke, actually.

6       **Q.**    So, you joke with people about being sadistic with anal  
7        sex?

8       **A.**    I mean, especially with my guy friends, yeah.

9       **Q.**    Was this one of your guy friends?

10      **A.**    No, but this is how everybody talks.

11      **Q.**    And so, it's just a coincidence that you were charged  
12        with having sadistic child pornography and you were talking  
13        to AC about being sadistic with anal?

14      **A.**    I was just joking.

15      **Q.**    Did she know you were joking?

16      **A.**    Yes, she did. She said LOL after this, but all of that  
17        got deleted.

18      **Q.**    So, it was just your misfortune that the things that  
19        corroborate your story were deleted?

20      **A.**    Pretty much everything that you see is stuff that she  
21        saved on her side.

22      **Q.**    This is on your phone.

23      **A.**    That is correct, but I can't delete it on my side if  
24        she saves it.

25      **Q.**    But you could have saved all of these messages from her
